

Faculty Updation Programme (Hybrid Mode)

On

Information Security & Privacy in Digital World (ISPDW-2025) Sponsored by ISEA Phase-III
February 19 – 23, 2025

Organized by

Department of Computer Science & Engineering
Motilal Nehru National Institute of Technology Allahabad
Prayagraj-211004, Uttar Pradesh, India

Objective: This program empowers faculty, researchers, and industry professionals with the expertise to protect today's digital world. By diving into cutting-edge tools and techniques for building secure, high-performance applications, participants gain the skills to tackle cyber threats and contribute to safeguarding the nation's digital future.

Tentative Topics to be Covered: Introduction to Cyber Security, Cyber Threats and Defense Mechanisms, Security Technologies, AI for Security, Privacy Enhancing Technologies, Emerging Trends and Future Challenges.

Take Away of the Course: The faculty updation program (FUP) will focus on the pressing challenges of securing digital data and infrastructures that are highly susceptible to security threats, providing participants with practical, real-world solutions. It will offer in-depth exploration of specific cybersecurity domains, equipping the audience with the skills needed to address these threats effectively. Participants will also gain the ability to share their expertise with budding researchers and professionals, fostering a broader understanding of cybersecurity for the benefit of society.

Who Should Attend?

Faculties and Research Scholars from various Technical Institutions, and Industry Personnel
